PLANS FOR TUESDAY CLUB'S NEW HOME BEING PREPARED

Building of Hollow Tile to Cost About \$50,000 at Lexington and Central

Plans for the new clubhouse for the Tuesday Afternoon club, which will be built on the lots recently purchased by that organization at Lexington Drive and Central avenue, are being completed by Architect Alfred F. Priest and it is expected will be approved by the members of the building committee some time this month, according to Mrs. C. E. Hutchinson, president.

The plans, which call for a building to cost in the neighborhood of \$50,000, call for the Italian Renaissance style of architecture, with long window openings, porticos, colonnades, and so forth, to lend beauty to the building.

Hollow Tile Building
It is planned to have an auditorium to seat 1,000 people, a dining room proportionately large, social rooms, kitchen, court, etc.

The building will be of hollow tile construction with plastered exterior. It is planned to have the roof of composition and tile. The interior trimming and floors are to be of hardwood and pine.

The auditorium, as planned, will face on Central avenue and the social rooms on Lexington Drive. It is expected that construction will begin early in February.

Fred Stofft Selected Captain of 1922 Team

Fred Stofft, star halfback of this year's Glendale high school football team, was recently chosen by the 160 letter-men as captain of the 1922 team. Stofft is a senior and will be his last at the local institution. It is expected that the new captain will make every effort to lead a winning team through the season for the Red and Black.

Stofft was easily the backfield ace of this year's team, and has been placed on the second all-Central team on account of his uncanny versatility to perform in the various departments of offense and defense. Besides being far above the average at bucking the line he was just as good at end runs, passing, punting, interference and everything else that goes to make up an all-around halfback.

Twenty-Room Flat to Be Built by Mr. Who?

Here's a flat story. All that it needs is a few names.

H. D. Charlton and C. D. Brainard, architectural designers of 113 East Broadway, have completed plans for a two story, twenty room frame flat building to be erected on North Brand boulevard at once.

But the owner's name is withheld and the only reason for this announcement is the fact that the plans are being submitted for bids.

The same firm has prepared similar plans for a sixteen-room flat building in Los Angeles. In this instance, too, the owner is hiding from publicity.

Site for Legion Home Topic for Discussion

The members of the "let and building" committee of the Glendale post of the American Legion will hold a special meeting tomorrow night at the offices of Post Adjutant James F. McBride, 193-A North Brand boulevard, in that it is expected that definite action will be taken regarding the purchase of a site for the proposed new Legion home. Emil Kiefer, commander of the post, is chairman of the committee.

WOMEN JOIN IN COMBAT
PITTSBURGH, Kansas, Dec. 12.—Over 1,500 men and 500 women, supporters of Alexander Howatt's "rebel" faction in the Kansas coal strike, attacked 100 workers at Mine No. 17 of the Santa Fe Coal Company, near Franklin today and after fierce hand-to-hand fighting closed up the mine. The women joined in the combat, biting, kicking and clashing, and some of the miners clothing was practically torn from their bodies.

LEAGUE MUST INDOSE?
WASHINGTON, Dec. 12.—The new Pacific treaty must receive the sanction of the League of Nations before it can become effective, or binding upon Great Britain, France and Japan, the principal League members, and therefore "it takes the United States through the back door of the League," which is agreeable to the Democratic Senators who still reflect the League views of former President Wilson. Senators Robinson of Arkansas; Overman of North Carolina, and others joined in this statement of Democratic attitude this afternoon.

PLENTY OF WORK IS BEING PROVIDED FOR POLICEMEN

Motorcar Thefts, Homes Being Robbed, Forgery, Furnished Activity for Officers

Motor car thefts, forgery, house-breaking, traffic crashes and drunks gave the police here a busy week-end session.

R. M. Morrow of 516 West Doran street and F. R. Lucke of 376 West Milford street reported their machines stolen. The latter's Ford coupe was recovered. Another machine belonging to John A. Lambie of 2509 Leonard street, Los Angeles, also was found "ditched" in Forest Lawn Memorial park.

E. Harris, painter, is alleged to have forged several checks, one for \$150 being cashed by the Broadway cafe. He realized \$65 on this, the police say, and it is said several other pieces of worthless paper are credited to him by the police, who are on his trail. He has a family residing here. The W. Parris home at 1648 Kenmore road was broken into yesterday afternoon and rugs and a phonograph totaling \$300 in value, were taken away by a thief who jimmied a front window. Detective Sergeant G. Herda is investigating.

Woman Under Arrest
Four traffic crashes over the week-end resulted in two injuries which are reported elsewhere. Miss Bonitz Darling of Hansen Heights was arrested for reckless driving after a smashup at the intersection of Sonora street and San Fernando road.

A Mexican was found in an intoxicated condition in southern Glendale, several suspicious characters were chased out of town and the report of M. Coleman, 343 Pioneer drive, that he had lost a pocketbook in front of Neale & Gregg's hardware store was investigated.

Rev. Byron H. Wilson, superintendent of the Los Angeles district of the Methodist church, has recently had a streak of good fortune come his way through the development of an oil well on his four-acre tract of land at Huntington Beach. The well at the present time is flowing approximately 1000 barrels a day and promises to be a steady, heavy producer. The well is known as Wilson Well No. 1 of the Argonaut Oil Company.

The Rev. George Eley, one of the most widely known venerable citizens of Glendale, passed away at his home here, 110 West Lomita avenue, Sunday morning, December 11, 1921, at 11:30 o'clock, after fifteen months' illness. He was the beloved husband of Mrs. Sarah D. Eley and the father of A. J. Eley, former Los Angeles fire chief; Margaret G. Eley, Mrs. Eva S. Gilson, George Eley, W. H. In Charge of Mission
The family came to this country in 1885 and located in Los Angeles. He was in charge of the Episcopalian mission here for eight years, it being located then at Isabel street and Broadway.

The rector was a friend of all and his spiritual and civic work here won him a large place in the hearts of the older residents.

Funeral services will be held from the Little Church of the Flowers at 2 o'clock, Wednesday afternoon, December 14, at Forest Lawn Memorial Park with the L. G. Sovern Company in charge of arrangements.

Richard W. Davies and Mother Honor Guests

Richard William Davies, infant son of Mr. and Mrs. William H. Davies of 3722 Seneca avenue, and mother, were the honored guests at a surprise party given them yesterday upon their return home from a Los Angeles hospital, by a party of relatives and friends. The house was beautifully decorated with autumn flowers.

One of the features of the occasion was a shower of \$20 gold pieces for the "future president," as his father calls him, and for whom he received the pledges of the votes of those present. The guests included Mr. and Mrs. Peter J. Erickson, J. A. Erickson, Mr. and Mrs. David H. Anderson, Beauchamp Vaughan, Mr. and Mrs. C. Bowler, Herman Kerchhoff, Mrs. Selma Olson and Mr. and Mrs. A. W. Nolan.

Basketball Schedule to Open in January

The 1921-22 basketball schedule for the Central league, of which the local high school casaba tossers are members, will probably be announced some time during the coming week, according to Normal C. Hayhurst, head coach at the Glendale institution. It is understood that the initial game will be played during the first week in January.

The Red and Black court artists are gradually rounding into form and it is expected that they will be one of the favorites in the coming league race. Two practice contests have already been played with non-league teams, and several more have been announced for the next few weeks, during which time the local quietest should develop one of the fastest aggregations in the county.

Mr. and Mrs. Wheelon Entertain for Guests

Mr. and Mrs. Otto Thorman of Santa Ana were the guests for several days during the past week of Mr. and Mrs. Albert G. Wheelon of 118 South Kenwood street. During their stay in this city Mr. and Mrs. Thorman were the guests of Mr. and Mrs. Wheelon at a number of Los Angeles theatre parties and automobile rides.

Both Mr. Thorman and Mr. Wheelon are former members of the "Glendale company" of coast artillery, which was originally stationed at Fort MacArthur, and were "buddies" throughout the war.

Today's World News In Brief

(By International News Service to Glendale Evening News)

LLOYD GEORGE MAY PROPOSE 'HOLIDAY' FOR GERMANY

ROME, Dec. 12.—Premier Lloyd George is expected to recommend a three-year "holiday" in the payment of German indemnity when he meets Premier Briand of France, in London December 20, it was learned today from an authoritative source. It is believed Italy, on certain conditions, will support Lloyd George's plan for assisting Germany.

CHICAGO POLICE ARE ENGAGED IN GREAT MAN HUNT

CHICAGO, Dec. 12.—Chicago police are engaged today in the greatest man-hunt they have taken in years. They are seeking "Tommy" O'Connor, notorious gunman and convicted slayer, and two prisoners who escaped with him from the county jail yesterday. O'Connor was to have been hanged Thursday for the murder of Detective Sergeant Patrick O'Neill. Edward Darrow and James Laporte, who escaped with him, were held on robbery charges. Every policeman in the city, bearing the orders of Chief Charles Fitzmorris to "shoot and shoot to kill" is stalking the trio today.

HUGE MASS MEETING PLANS OVERTHROW PEKIN RULE

SHANGHAI, Dec. 12.—A gigantic mass meeting was held here today for the purpose of launching a movement for the overthrow of the Pekin government. Arrangements have been made by the leaders of the movement to circulate the nation with the slogan: "Pekin is not the people's government." Demonstrations are increasing daily throughout China as a protest against the direct negotiations being carried on at Washington for the settlement of the Shantung issue with Japan. The Chinese press bitterly scores America for her attitude toward China in the Washington conference.

WARDEN AND SON IN HOSPITAL RESULT OF 'BATTLE'

MARQUETTE, Mich., Dec. 12.—Warden T. B. Catlin, of the state house of correction here, Deputy Warden Menhennit and his son, Arthur, are in a hospital here today in a serious condition from wounds received while attempting to quell an outbreak of prisoners. The outbreak was led by "Gypsy Bob" Harper, Detroit desperado. Warden Catlin and Arthur Menhennit were stabbed by Harper, according to police officials. Deputy Warden Menhennit was badly beaten. The riot started while the prisoners were attending chapel. Harper, Jasper Perry and Charles Roberts, prisoners, have been placed in solitary confinement and will be flogged by order of Charles Blaney, chairman of the prison commission.

DEATH THREAT IS SENT TO NEW PREMIER OF JAPAN

TOKIO, Dec. 12.—A death threat sent to Premier Takahashi through the mails has led to the arrest of a 20-year-old Japanese and today all members of the government are guarded by the heaviest force of secret service agents in many years. According to the police, the prisoner's name is Shijiro Kotate. He is alleged to have said in his letter that his threat against the premier's life would be put into effect if Takahashi "should take action similar to that of the late Premier Hara." Premier Hara was assassinated by a Japanese youth last month. The arrest of Kotate has led to rumors of the existence of a plot against the lives of other members of the cabinet. Police precautions of the most extraordinary kind are being taken. When the premier or any of his colleagues appear in public they are accompanied by bodyguards of plain clothes detectives. A special bodyguard has been provided for the premier and all persons who approach him are kept under keen surveillance.

NEGRO STRIKEBREAKER HANGED TO NOTED DEATH TREE

FORT WORTH, Texas, Dec. 12.—On the same tree and to the same limb on which Tom Vickery, killer of Jeff Couch, a policeman, was hanged a year ago, Fred Rouse, negro strikebreaker at the Armour plant, was hanged late last night by a mob of about thirty unmasked men who had taken him from the city-county hospital. Rouse on Tuesday shot and seriously wounded Tom Maclin, and less seriously wounded his brothers, Tracy, two strikers. Rouse was severely handled by a crowd of strike sympathizers and had been confined to the hospital. Last night about 11 o'clock a party in twenty-five automobiles, unmasked, appeared at the hospital and demanded the negro. When refused admittance by Miss Pritchard, the superintendent, they quietly but firmly told her they came for the negro and were not going away without him. Finally two of the crowd were permitted to enter. They seized the negro and taking him to a lonely spot on Samuels avenue between Fort Worth and North Fort Worth, hanged him, afterwards riddling him with bullets. Although none of the party was masked, none of them was recognized by the hospital attendants.

MADALYNNE OBENCHAIN WILL REFUSE TO HELP BURCH

LOS ANGELES, Dec. 12.—Madalynne Obenchain will refuse to appear as a witness in defense of Arthur C. Burch, on trial for the murder of J. Belton Kennedy. This became definitely known for the first time when Burch's trial was resumed today in Superior Judge Reeve's court. It was a decision eagerly awaited, for obvious reasons, by the attorneys for both sides in the Burch case. Mrs. Obenchain's refusal to be a witness for Burch will be made on the advice of her new attorneys, Jud' R. Rush and A. F. MacDonald. The decision to keep her from the stand in the Burch trial was the first important result of the substitution of Rush and MacDonald as attorneys for Mrs. Obenchain following the withdrawal of Charles E. Erbstein, Chicago lawyer, who quit her case Saturday. Until today it was an open question whether Mrs. Obenchain would appear as a witness for Burch. Mrs. Obenchain had stated she was willing to tell her story, but would be guided by the advice of her attorneys. Erbstein, according to her statement, was inclined to allow her to testify. Burch's attorneys were reported to be disappointed by the decision to keep Mrs. Obenchain from the stand as her story that Kennedy was killed by "two roughly dressed men" was regarded of tremendous value to his defense. C. S. Summar, who testified he encountered Burch in an automobile on the road at the foot of Santa Monica canyon twenty minutes after Kennedy was murdered, was on the stand for cross examination when the trial was resumed today. Summar's testimony was considered of importance in view of the prosecution's contention that Burch threw the shotgun he used in the slaying into the surf at Santa Monica.

LOCAL SCHOOL BOYS PACIFIC TREATY IS PARTICIPATE IN IN HARMONY WITH PLAY FESTIVAL BRYAN PROJECTS

Lots of Sport Provided at Big Meeting at Puente on Saturday Afternoon

Forty-eight boys of the Glendale grammar schools attended the play festival held on the Puente Union high school athletic field Saturday afternoon, the event being staged by the Hi-Y and conducted by Harry Rimmer, Pacific coast athlete, who won the marathon race in the Olympic games of 1911.

During the afternoon mass games including basketball, volleyball, and army games were enjoyed under the direction of Mr. Rimmer, a big event of the program being a tug of war. At dusk three large bonfires were lighted and the boys formed in three lines to enjoy refreshments served by the Puente Hi-Y.

Medals Are Presented
During the evening a meeting was held in the Puente high school auditorium where Mr. Rimmer presented the boys with the marksmanship medals won in the rifle contest at the camp in Pine Flats last summer. Mr. Rimmer was a member of the American Rifle Team in 1908, and in presenting the medals to the boys made an appropriate speech. Local boys who were awarded medals were Kingsman Grigg and Leland Gosser.

Mr. Rimmer also gave an interesting talk to the boys during the evening, describing his part in winning the marathon race of 1911 and in concluding made a comparison with the race of life. Out of forty-three entries, only nine were able to finish in the marathon race, and in bringing out this fact the speaker emphasized the importance of being prepared for the contest. The cup won by Mr. Rimmer was also on exhibition during the evening.

Lots of Pep Shown
Songs and yells by the different Hi-Y groups furnished plenty of pep during the evening. At 7:30 o'clock the groups returned home, the boys declaring it a most interesting and profitable afternoon, there being over 400 present from the county.

Those who furnished cars for the Glendale boys were: Rex C. Kelley, W. G. Boyd, S. H. Wilcox, J. H. Gosser, George Leamon, Maynard Toll and Phillips Henderson. Thomas Stevenson of Burbank furnished a car for the delegation from that place.

Racing Roadster Hits Bridge; Two Men Hurt

Steering apparatus, which refused to respond at the proper moment, was blamed this morning by Edgar Statter as the cause for the home-made knock-about racing roadster in which he was riding with George Meyers, dashing into the south end of a bridge on San Fernando Road near Roscoe, yesterday morning. As a result of the accident Mr. Statter is at the Glendale Sanitarium Hospital in considerable pain from a broken left leg. Mr. Meyers is at his home, 224 North Belmont avenue, with a broken rib and minor injuries and bruises. Both are members of the Glendale Fire Department. They were on their way to Antelope Valley to do a little hunting. The wreckage of their car was hauled back to the city by Captain Jack Rockwell and assistants.

George Schmoll Sees Beaches of Southland

Mr. and Mrs. C. J. Orff and daughter, Miss Corinne Orff of 465 West Milford street and George Schmoll of Wooming, Pa., who is their house guest for the winter, enjoyed a very delightful motor trip yesterday, starting early in the morning by way of Beverly Hills, Sawtelle, Santa Monica, Ocean Park, Venice, Playa del Rey, and over the new road from that beach to El Segundo, Manhattan Beach, Hermosa Beach and Redondo Beach. After a picnic lunch at noon and spending some time hunting pebbles on Moonstone Beach, the party motored to Inglewood, where they were guests of Mr. and Mrs. Harry Valiant, formerly of Glendale.

WASHINGTON, D. C., Dec. 12.—Great Britain takes the view that British bases in the Pacific are not involved in any discussion which may be raised by Japan concerning Pacific fortifications, it was stated in semi-official British quarters today.

WASHINGTON, D. C., Dec. 12.—Japan should either propose the complete abandonment of all battleships big enough to cross the ocean and attack another power, or else her delegates in Washington should demand a naval ratio equal to any other world power, according to Viscount Takahira Kato, leader of the Ken Sei Kai (opposition) party, in addressing a mass meeting of his party in Tokyo yesterday.

Dispatches reporting the speech and meeting were received today by the Japanese delegation here and considerable importance was attached to the event.

By J. BART CAMPBELL
Written for International News Service
WASHINGTON, D. C., Dec. 12.—The four-power Pacific treaty is in complete harmony with the spirit and purpose of the famous arbitration treaties negotiated by William Jennings Bryan and ratified by the Senate when he was secretary of state.

This was the verdict today of Senator McCumber, of North Dakota, ranking Republican member of the Senate foreign relations committee, and of other Senators, Republican and Democratic, who approved of the new international agreement.

Senator McCumber pointed out that the treaty, to all intents and purposes, is similar to the Bryan treaties which the United States has already with Great Britain, France and Japan, the three other high contracting parties to the new pact.

Senator Hitchcock, of Nebraska, former chairman, and now ranking Democratic member of the Senate foreign relations committee, was (Continued on Page 7)

Superintendent White Says Results Satisfy

"I feel that National Education week was worth all the effort it took," declared Richardson D. White, superintendent of schools, this morning. "It called the attention of the people of Glendale to the schools."

"I am sure that I must have had at least three different people come into my office and mention the fact that they found methods of teaching and school management had changed radically since their day. They felt that they had changed very decidedly for the better. They found children were having many opportunities today that they didn't have then. The change seemed to surprise them very much. That is the strange feature to me. It doesn't surprise those same people that they are riding in automobiles today and not in oxcars."

"While we didn't have the number of visitors we wanted, we had quite a number—probably more than we shall have all the rest of the year."

"I feel that there will be lasting benefits from the publicity the newspapers gave us. People know something of the schools through the newspaper articles. Particularly the readers were brought right in touch with the teachers themselves because the teachers wrote so many of the articles."

Juvenile Auxiliary of Music Club in Session

A meeting of the Juvenile Auxiliary of the Glendale Music club was held Saturday afternoon at the intermediate school, and after a short business session in charge of the president, Susie Smith, a Christmas program was given. This included a "Safety First" song by the members of the club; story of the Messiah, told by Janice Fletcher; ensemble singing of "Holy Night," "Hark, the Herald Angels Sing," "Christmas Carol" and "Joy to the World." story of "Christmas Stocking," told by Rhoda Cobert. This was followed by Christmas games, after which the auxiliary adjourned to meet the second Saturday in January.

Junior C. E. Society Organized at Church

A Junior Christian Endeavor society was formed last night under the direction of Miss Mabel Galey, county superintendent of junior endeavor work, at the Tropico Presbyterian church.

A number of young folk under 12 years of age were enrolled by Miss Phebe Snell, 116 East Euclid street, who is superintendent of the new department of the Sunday school. Officers will be elected next Sunday.

This is the third junior society in the district. The other two are connected with the Sunland Baptist church and the Tunjuna Federated church.

J. E. ROMMEL WILL START WORK UPON MOVIE THEATRE

Head of Construction Concern
to Erect Large Building in
Eagle Rock City

Eagle Rock is to have an up-to-date moving picture theatre. Last week a contract was signed whereby it was made a fact that J. E. Rommel, head of the Rommel Construction company, of this city, will begin the erection of a theatre building on the lot he recently purchased there on South Central avenue, adjoining the Edwards & Wilsey company building.

It will be a handsome brick structure patterned after a Pasadena show house, two stories in height, and 50x110 feet. There will be one store room in the front, on one side of entrance and offices on the second floor.

The theatre proper will seat 600 people and be equipped with the latest furniture, including a large pipe organ.

The building is to be completed within 90 days. The lessee is M. J. Redding of Los Angeles.

Supervisors on Outing

Whether the supervisors of Los Angeles county feel that the proposal to change the boundary line between Tujunga and Sunland school districts is a question too momentous to be decided on second-hand information or whether they need a day of wholesome outdoor air and sunshine and know that the Verdugo hills will be the best place to get it, the whole legislative department of the county and Superintendent Koppel of the county schools as well as journeying to Monte Vista park tomorrow to hold a session with the people of the two districts under the big oak trees.

La Crescenta Active

The annual meeting of the La Crescenta Improvement association was held at the school auditorium recently and F. K. Czerniski was re-elected president; George Peck, vice-president; T. O. Potts, secretary, and George Dunlop, treasurer. The report was made that the last dance given by the association netted \$245. The association voted \$25 to be given to the community Christmas tree.

Establish Shingle Factory

Tujunga is to have a new tile shingle factory. Messrs. Jones and Williams of Los Angeles have closed a deal for a factory site on Hillcrest Drive, through the agency of George C. Buck. Work will begin at once on the construction of the necessary buildings.

Addition for School

Charles A. Creeth of La Crescenta is preparing plans for a two-room addition and alterations to the La Crescenta school. The addition will be of hollow tile construction and provide room for 50 or more pupils. The La Crescenta school has the reputation of being one of the most modern in southern California for any community of similar size.

SLAIN BY OFFICER, CLAIM

WASHINGTON, D. C., Dec. 12.—A statement from William H. Hayward, district attorney in New York, stating that an officer of his regiment had shot and killed a private in August, 1918, was offered as evidence by Senator Thomas Watson, democrat of Georgia, in connection with the investigation of charges that American soldiers were indiscriminately killed by army officers in France.

Hayward's statement, which Watson displayed, said that feeling ran so high against the officer that he was transferred to another regiment. Watson submitted to the committee about 100 letters and affidavits, many dealing with alleged brutalities, including the hanging of soldiers by their thumbs or arms to a limb or a beam with their toes just touching the ground. Many charges that soldiers were shot either by their officers or at the command of such officers, were also introduced.

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment. declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

BEST EVIDENCE OF CHRISTIANITY IS WORK IT DOES

'Credentials of Christ' Is the
Topic of Sermon Given by
Rev. C. A. Cole

"The Credentials of Christ" was the topic of Rev. C. A. Cole yesterday morning at the Central Christian church.

"What Christianity has done is the best evidence of its truth," declared Rev. Cole. "The most conclusive argument in the world that it is from God is not the morality of its teachings nor the purity of life of its founder and head, but in the effect that follows its acceptance."

"No civilization worthy of the name has ever gone where Christianity has not gone. All over Canaan Jesus left the marks of his love and divinity. The same design holds good today. If you cannot find some of these on the label, it is not genuine Christianity. It is only Christianity that supplies hospitals and helps the poor. Philanthropy builds libraries and forgets the slums. No statement in defense of Christianity today will have the effect of the 'cup of cold water' given in His name."

His Dominant Note

"Redemption is the keynote of Christianity. Jesus Christ is the Redeemer, the Emancipator. The redemptive note is the dominant note in His life and work. The Bible is the record of the divine redemptive movement in the world. The church is the society of redemption."

"This movement on the part of God is the most important particular event that has ever happened in the world and to the world. The Magna Charta, the discovery of America, the League of Nations, the Conference on Disarmament are all second to this thing."

"The literature that reveals it and interprets it is the most important literature in the world. It is redemptive literature; that is its heart. The Bible is not a history of how Israel and the early Christian church, it is a history of redemption, a history of how God was in Christ reconciling the world to himself. The Bible is not a history of the Son came to seek and to save that which was lost."

Heaven Smiled First

"No one ever smiled on the poor until Heaven did. In Christian lands the poorest of the afflicted command the services of the most skilled physicians. The great surgeon passes from the bedside of the millionaire to the bed of the poor outcast and stints not his skill. 'Christ satisfies the inquiring rest with reasoning and theological arguments but by pointing them to what they could see and hear—to facts.'"

IN SYMPATHETIC STRIKE

NEW YORK, Dec. 12.—A sudden strike of 7000 packers and handlers of meat in New York said to be in sympathy with the packers' strike at Chicago and other western points, was called here today. Hundreds of tons of meat, piled in trucks, were left standing in the streets by workers. The strikers said the strike would spread throughout the country and by the end of the week, they predicted, will throttle the meat packing industry of every city. The strikers are members of the Amalgamated Butchers and Meat Cutters of America.

CAROL SINGING FOR HOLIDAY SEASON GROWS RAPIDLY

Glendale Churches Take Part
in Custom; Study Made by
National Organization

The custom of outdoor carol singing on Christmas Eve or Christmas morning, which has been spreading through the country so rapidly during the past few years, has, in the course of its extension, developed different characteristics in various cities. It has been the practice in Glendale for several years past for the young people of the various churches to form in groups early Christmas morning in front of homes of the people who are shut-in and not able to go out on account of illness or disability and sing Christmas carols.

The young people of the Christian church, of which Rev. C. M. Cole is pastor, of the Presbyterian church, of which Rev. W. E. Edmonds is pastor, and of the Methodist church, of which C. M. Crist is pastor, have heretofore been most active in this endeavor, but a number of the other churches of Glendale have signified their intention of instituting a plan for Christmas carol singing.

The National Bureau for the Advancement of Music, which made a survey of the cities in which caroling through the streets was done last year, at the same time made a study of the methods followed in rehearsing and costuming the itinerant bands, mapping out the districts to be covered, selecting stopping places, and collecting funds for charitable purposes where this was a feature of the arrangements.

Sing at Community Tree

This study shows that where the town has a Community Christmas Tree in some central place it is usual for the carolers to meet and sing in a body around the tree before dividing into groups to visit the residential sections. In the absence of a general rendezvous the starting place of each group is as a rule the church, schoolhouse or community center where it has been rehearsed. There are rarely more than twenty-five singers in a band and rarely less than ten. They are for the most part young people, although it has been found that the presence of a few older folks lends dignity and insures close adherence to the business in hand.

Many cities are following the plan adopted and most thoroughly worked out in Detroit, of mapping out the entire city so that every neighborhood may be served and the routes of the traveling singers may not conflict. Lighted candles in the windows are the signal to the carolers to stop and give their music. It has also been the practice in Detroit to collect money during the singing for the local Children's Aid society, so that music may be the means of bringing material help to the unfortunate while giving spiritual pleasure to those who perform and those who listen. Last year over 8,000 volunteers, recruited from Y. M. and Y. W. C. A.'s, Sunday schools, high schools, settlements and clubs joined together to form the Community Christmas Carolers, covering the city with "miles of song."

Hospitals Are Visited

In Dallas, Tex., Roanoke, Va., Greeley, Colo., and many other cities in the south and west the places visited were mainly hospitals and homes for the aged and the shut-ins, the carolers often wearing red cambric caps and capes over their outer garments, in the style of the "waits" of old England, to bring with them a brighter Yuletide atmosphere. In Germantown, a suburb of Philadelphia, an expedition was made with trained singers from church choirs and musical societies, who received no compensation and collected no funds for their services, but whose organizations were given a certain sum for charitable work by F. J. Hepp, a prominent resident in the district visited. This year it is hoped to extend the plan by having many citizens contribute.

Cities in which the Community Service has been representative usually have their caroling plans worked out by that organization acting either independently or in co-operation with local individuals and groups. Last year the Community Service included in its preparations a campaign to teach the public "a carol a day" in order that young and old might join in the singing. This campaign will be given even more attention this year. To stimulate the learning of the carol words and music the national headquarters of the organization has issued a word sheet of Christmas carols and a bulletin entitled "Stories of the Christmas Carols" by Professor Peter W. Dykema of the University of Wisconsin, who has made extensive research into the origin and history of these traditional songs. In that bulletin Professor Dykema has given some of the beautiful legends that cling to "God Rest You Merry Gentlemen," "Hark, the Herald Angels Sing," "O Little Town of Bethlehem," and others of the best known carols.

West Glendale Church Bazaar, Dinner Success

The bazaar and dinner given at the West Glendale Methodist church Friday night, under the direction of the women of the congregation, proved to be a very successful event, over \$65 being cleared. A cafeteria dinner was served from 5:30 o'clock until 7:30 o'clock under the direction of Mrs. Harold Myers and Mrs. Leslie Tronsier. This was followed by a program, which included vocal numbers by Mrs. Mabel Capell, readings by Mrs. Donald Magill, selections by the Sunday school orchestra and piano numbers by Miss Ethel Wilson. Those in charge of the booths at the bazaar included Mrs. R. Wilson, aprons; Mrs. Hemenway, baby booth; Mrs. John Camphouse's Sunday school class of girls, candy booth.

In Glendale's Vicinity

McGroarty Loses Hat
John McGroarty had some fairly thrilling experiences on his recent trip to Spain, like coasting down the side of an ocean billow as high as Sister Elsie into a trough of the sea as deep as Big-Tujunga canyon. But all that was only movie picture stuff compared to the real kick he got out of his ride home from San Gabriel a week ago in the wind storm in his faithful old Henry.

Mr. McGroarty got to La Crescenta just at the time that most of the surplus air from the high pressure area up in Washington arrived at the same place on its way to the low pressure area in Arizona, and things began to happen.

And the bitter part of it is that John lost his hat—the one he bought over in London town. He does not know where it went, but if anyone in Arizona or New Mexico finds a hat with a lion and a unicorn on the inside of the sweat band he might ship it back to Tujunga on a chance.

Orange Cove Gets Thrill
A bunch of Uncle Samuel's boys from Arcadia, out for balloon practice, landed in Orange Cove last Wednesday morning. Leaving Arcadia at about 4 o'clock, the big bag floated westward over the mountains, the boys making a landing in the neighborhood of Orange Cove at about 10 o'clock. A truck with other boys met them and assisted them in getting out to a broader space in the Cove where a new crew entered the balloon's car and rising gently again floated away to the westward and sank out of sight over the hills toward San Fernando. The company was in charge of Lieut. A. C. Claire.

Mayor of Burbank Speaks
At the close of the Burbank Council meeting last week as an afterthought, some of the members gave quite free expressions of their views concerning the recent Glendale annexation election, the result, etc., when Mayor Blanchard came back substantially as follows:

"Well, didn't we get what was coming to us? Work brings results. Live civic organizations handled efficiently, worked intelligently and legitimately can bring about almost any reasonable result. Burbank people must get together. There should be no dissensions. We should handle all questions affecting the city's future promptly and unitedly. I think we have no one to blame for any discouraging results to acquire territory that naturally belongs to Burbank except ourselves. Anyway, 'kicking' never will accomplish anything that will be an advantage to us as a city."

COMMENT THAT'S ALL

Ten Minutes or Ten Days
Laws Bound in Phraseology
Hurry, If You Would Buy!
Dig Up the Old Sod

By Gil A. Cowan

WITH Los Angeles awakened to
the criminal situation exist-
ing in southern California at
the present time, it is only natural
to suspect that the "resident crooks"
of that city are scurrying to the
suburbs, including Glendale.

Every day the amount of thievery
here increases and a person fears
for the safety of his family when so
many suspicious characters are
about. If you do not know of them,
walk around the streets of an even-
ing and on your approach watch any
number of groups of loafers shuffle
along.

There is only one thing for the
local police to do. Arrest every vag-
rant or suspicious character until
this undesirable class of winter tour-
ist gives Glendale a wide berth. There
are plenty of streets to be improved
here and the city needs the money
bad enough that Police Judge F. H.
Lowe could give "floaters" ten
minutes to get out of town or ten
days on the "rocks" if they like
Glendale's climate.

The automobile and bicycle thief
is nothing more or less than the re-
vival of the horse thief. And, at the
present rate the cars are disappear-
ing from their owners, it wouldn't
be a bad idea to make the theft of a
machine punishable by death. That
might stop the careless habit of the
crooks and joy riders who think
nothing of inconveniencing people
and taking their property besides.

Laws that are too lenient, bound
in phraseology that only a lawyer
essays to interpret and surely no one
understands; laws that make a
criminal of an innocent person and
permit the guilty to smirk and smile
at the courts of justice; laws that
were made for angels and lack the
human element that a first class
"rewrite" man on a metropolitan
newspaper could give them; laws
that are so cumbersome that officials
themselves tire of attempts at en-
forcement.

Those are the laws which today
permit criminals to steal automo-
biles promiscuously and without fear
of detection. Recovery of the ma-
chines is seldom made before they
are sold to some innocent person.

Those are the laws that thousands
of people come from other states
with the idea of breaking. Biga-
mists and bunco artists, murderers
and murderers, any old thing you
want to think of, find his or her way
into California and cause a lot of
useless expense to the state.

For the citizens, good and true,
who come here from the east with
the intention of making their home
in sunny southern California there is
a word of warning to be given.
Hurry if you would share in the
more desirable homesites to be had
here.

While there is much vacant prop-
erty today and room for great ex-
pansion, yet the hillsides are becom-
ing more closely inhabited, the val-
leys are platted into residence lots
and this property is selling fast.

Buy today for tomorrow or buy
and build at once, if you have the
money. You can bet on Glendale
property.

While they are digging up money
for the Glendale float fund for the
New Year's day pageant at Pa-
sadena, L. W. Chobe, its designer,
comes out with a request that should
give some one pleasure in meeting.

Sod, grass green sod, is needed to
cover 160 square feet of the float.
Anyone who has the necessary
amount of terra firma epidermis to
spare should communicate with Mr.
Chobe through the friendly offices
of the Chamber of Commerce.

Sunset Lures Supervisors

When County Supervisor Henry
W. Wright was in Burbank last week
he took a drive in company with R.
W. Colburn, secretary of the Cham-
ber of Commerce, through the main
canyon of the Sunset Canyon Coun-
try Club and saw the many beautiful
and attractive cabins erected by the
members in the past few months and
the improvements made on the
grounds of the club. The result of
the trip was an application by Mr.
Wright for membership in the club
and a site for a cabin which he pro-
poses to erect.

will be served.

First Lettuce Shipped

The packing of lettuce at the ware-

will be shipped during the next two
or three months.

CHURCH MUST COME FIRST, IS CLAIMED BY REV. PRESTON

Good in Organization, Says Pastor; None Should Take Preference Over Christ

"We get out of anything just what we put into it," declared Rev. Harley G. Preston yesterday morning in his sermon at the Pacific Avenue Methodist church, "And this church is no exception. So many of us, I am afraid, place our obligations to the church and Christ second or third in comparison to other things. Regardless of how much we enjoy spending our time in church and in worship, we need more reverence today everywhere in Divine worship. In heathen temples they wouldn't stand for some of the frivolity seen today in so many of our churches. While we cannot be in the sanctuary all the time, we can carry the church with us in spirit about our daily tasks. And really we are not Christians if we do not."

Location of Church
"Speaking locally, when we are out during the week, we advertise our church as being located at West Harvard and Pacific avenue. But in another sense that is not the location at all. The spiritual church is located partially in your own breast. We frequently speak of the religious and the secular as though they were two quantities that might run along in parallel lines without flowing into intimate combination. The distinction is perilous and illegitimate. We can no more separate the religious and the secular than we can preserve the life of flesh which is divorced from blood. Every man is born with aspiration. It does not develop in every man; neither do half the buds develop fruit. It is natural that we should be constantly desiring and seeking better and higher things. And, as a means of attaining this higher goal in life, prayer is a powerful agency."

Must Put Into Practice
"Some people object to going to church. Well, it isn't all in going to church. It won't do anybody much good to go to church, if they don't honestly try to put into practice what they believe to be right. They say birds of a feather flock together. Business men, professional men and tradesmen all have their organizations which they attend for mutual profit and progress. If these all find it so helpful and necessary, why not Christians? I hold that no lodge or organization takes preference over the church of Jesus Christ."

WOULD STOP IMMIGRATION
WASHINGTON, D. C. Dec. 12.—A bill suspending immigration for three years was introduced in the house by Representative Johnson, republican, of Washington, chairman of the house immigration committee. The measure is intended to supplant the 3 per cent restrictive immigration law now in force. Johnson, in proposing his bill, said a "total suspension of immigration" was necessary to shut out undesirable aliens who are being "given passports in order to get them out of their home countries."

'FELLOWSHIP' TOPIC SUNDAY SERMON BY DR. C. M. CRIST

'Man Known by Company He Keeps' Not Necessarily True, States Pastor

At the First Methodist Church Sunday morning Dr. C. M. Crist spoke to a large audience on the theme "Fellowship Between God and Man" based on 1 John 1:3. He said in part: "There is an old saying that is not necessarily a true one that 'a man is known by the company he keeps.' Many considerations are involved in the matter of associations. Jesus ate with sinners and incurred the displeasure of the religious aristocracy of his day but he blessed the whole world by so doing. While association is not a test of character, fellowship is. The one who fellowships with gamblers, thugs and harlots is out of place in a prayer meeting crowd. When John wrote 'Our fellowship is with the Father,' he gave expression not to a vague theological speculation but to an actual experience. Character becomes a fixed thing as to direction. It is either a walking with God or a walking away from God."

Come from Likeness
"Fellowships results from likeness. It is because man was made in the image of God that fellowship with God is possible. Now, because God and man are fundamentally alike, certain things are in common between them. God's sphere of interest and man's overlap and coincide. God and God's man walk together in fellowship as regards all that is good. John said: 'If we walk in the light as he is in the light, we have fellowship one with the other and the blood of Jesus Christ, his son, cleanseth us from all sin.'"

Only Part Of It
"The favorite New Testament conception is that our inheritance is in Him. This is, however, only a part of the glorious fact. We have it complement, namely, God's inheritance in us, set forth in Ephesians 1:18 'The eyes of your understanding being enlightened that ye may know what is the hope of his calling and what the riches of the glory of His inheritance in the saints.' Here we have a culmination of this fact of fellowship between God and man. It is not only our inheritance in Him but His inheritance in us."

TENTH ANNIVERSARY IS OBSERVED BY REV. EDMONDS

Elders of Church Are Upon Platform With Pastor in Honor of Big Occasion

The tenth anniversary of the pastorate of Rev. W. E. Edmonds was observed yesterday morning with special features at the Presbyterian church. The elders of the church with the assistant pastor were upon the platform. To them the pastor paid a tribute of earnest and deserved appreciation. Of these, who had been present on the day ten years ago, a considerable proportion were in the audience and were asked to rise while a prayer was offered. "Sing Unto the Lord with an Instrument of Ten Strings" was the text of the sermon.

The keynote string from which all others are tuned according to Rev. Edmonds, is God's holy word. He called attention to the fact that "if we are not tuned to this, everything else fails." He declared that his pulpit had always stood for the full inspiration of the scripture and that the Word had been in every way magnified in the church. **Throw It-Over, He Says**
"If modern scholarship should seem at any point to clash with the Bible," said Rev. Edmonds, "then throw over the scholarship. But the truest scholarship always agrees with it. Hear the rich tone of this first string: 'Heaven and earth shall pass away but My word shall not pass away.' The second string is prayer. A praying church is a church of power. The dominant note in the church is prayer. The third string of praise is for the holy spirit who came when Jesus went away to teach us of Him. There has been manifest leading of the spirit in the history of this work."

Total Membership 1008
"This day ten years ago this church had about 180 members. Since then 1306 have been added. Many of these have passed on elsewhere; sixty-two have gone to glory. The number is now 1008 and more are coming continually. So God has blessed us—it is His doing. Let love be the dominant note. And it shall be our purpose as God gives us ability to praise Him on an instrument of ten strings."

DYNAMITE PLOT ALLEGED

ST. PAUL, Minn., Dec. 12.—An alleged plot to entangle the meat cutters and butcher workers now on strike in South St. Paul, in an attempt to blow up the Armour and Company Boiler plant, was uncovered here when Chief of Police Crepeau arrested O. F. Duvall, alleged former convict. Duvall, according to the chief of police, has signed a confession admitting that he had made offers to union leaders. The union officials, when approached by Duvall, went to County Attorney R. D. O'Brien and a trap was then set by the chief of police to catch Duvall.

SEEK PARDON OF CONVICT

SAN FRANCISCO, Dec. 12.—An offer to sign a petition in favor of the pardon or parole of Edmond "Spud" Murphy, one of the gangsters serving sentences in San Quentin for alleged mistreatment of two girls more than a year ago, was contained in a letter from Hazel Stevenson, one of the jurors who heard the case, made public today by William F. Herron, attorney who defended Murphy. The letter said she did not consider the gangsters' case "in any way to be compared" with the Ar buckle case. She said a reasonable doubt had arisen in her mind since she voted conviction.

TO TALK RAILROAD RATES

SAN FRANCISCO, Dec. 12.—The state railroad commission will be represented in Washington at the hearing set by the Interstate Commerce Commission for December 14, at which time the reasonableness of interstate railroad rates will be considered, it was announced today. The purpose of the inquiry is to ascertain what readjustments are necessary to relieve the difficulties. J. Benton, general solicitor of the National Association of Railway and Utilities Commissions, will appear for the California commission. The state commission has notified chambers of commerce, traffic associations and industrial organizations that it will forward any exhibits and data that these bodies desire to submit and that Mr. Benton will present the evidence at the hearing.

GIRL GAINS HER FREEDOM

KNOXVILLE, Tenn., Dec. 12.—Amidst a great demonstration Maude Moore, a pretty stenographer, walked out of the courthouse here, freed of a charge of having killed Joyce Harthy, a wealthy automobile dealer, on a lonely country road on Sept. 18, 1919. The jury was out but six minutes when it returned a verdict of "not guilty." The state had contended that Miss Moore killed Harthy with robbery as the motive.

The SHEIK!

TO RETAIN NAVY WORKERS

WASHINGTON, Dec. 12.—Japan will not dispense with services of navy yard workers for the next five years, the naval office today informed the foreign office in Tokyo, according to advices received here today by the Japanese delegation. In reply to a foreign office query the navy office replied that for the next five years at least it will not discharge any naval yard employees and stated that the workers would be used by the government in the work of dismembering ships scheduled to be scrapped. The move is necessary, the naval office said, in order to aid in checking widespread unemployment as the result of shipyard discharges.

SYMPATHY WITH PACKERS

CHICAGO, Dec. 12.—One thousand car repair workers walked out in a body at the Union stockyards today in sympathy with the striking packing house workers. The car repairers were employed on the refrigerator cars of the packing plants. This walkout occurred as the prospect loomed of a strike of 4000 workers in hotels and butcher shops who are members of the Amalgamated Food Workers' Union. While the situation at the yards was quiet this morning, the police detail was undiminished. Dennis Lane, secretary-treasurer of the Amalgamated Meat Cutters and Butcher Workmen's Union, has departed for Washington to lay the strike situation before the administration.

ATTACK ON LANDIS FAILS

WASHINGTON, Dec. 12.—An amendment to the bill creating federal judgeships, which would have prevented federal judges from holding other positions, was defeated by the house this afternoon. The amendment, aimed at Judge Landis, who acts as baseball commissioner, was introduced by Representative Moore of Virginia. Representative Mann of Illinois came to the defense of Judge Landis, after he had been criticized by Representative Larson of Georgia.

GUESTS AT RANCH HOME

Mr. and Mrs. J. W. Hilton of 719 North Central avenue were Sunday guests at the ranch home of Mr. and Mrs. Edwin McHugh at Van Nuys. Charles Hilton of Los Angeles spent the week-end there also.

PACIFIC TREATY IS IN HARMONY WITH BRYAN PROJECTS

Just Like Famous Arbitration Treaties Negotiated When Secretary of State

(Continued From Page 1).

among the Senators of both parties who gave the treaty their endorsement and predicted its ratification by an overwhelming vote.

Stops Hopes of Offensive

An unqualified endorsement of the four-power Pacific treaty by Senator Miles Poindexter, Republican, of Washington, dashed the hopes of a small group of Senate "irreconcilables" that he would join them in the "offensive" they are planning against the new pact.

"The new treaty does not go as far as the Bryan treaties we already have with Great Britain, France and Japan," Senator McCumber said, "but it has one advantage which they do not possess. While they merely provide for separate arbitration agreements between the United States and three other powers, the new treaty provides that all four shall be parties to one agreement for the friendly adjustment of whatever differences may arise with regard to the Pacific by an amicable discussion and settlement of those differences. It is the familiar story, that in unity there is strength."

"Do you consider the new treaty a step in the direction of the League of Nations?" Senator McCumber was asked.

"I consider it a step in the right direction," he replied, "in that it was obviously formed in the proper spirit and desire that nations should peacefully discuss and settle their differences among themselves without having to resort to force."

Not Bound to Use Force
Senator McCumber emphasized the point that in each of the Bryan treaties with Great Britain, France and Japan provision is not only made for arbitration, but for an investigation of disputes or differences by a "committee" which shall seek to determine the merits of the case at issue, and make recommendations for its amicable adjustment. He directed attention to the similarity between this common plan for the preservation of peace and the prevention of war and that of the present armament conference.

McCumber expressed the opinion that the United States is not bound by the new treaty to employ force, but is only required to act "fairly and above board" with three other powers in "doing the decent and sensible thing" to prevent disputes between them from leading to war.

Hitchcock said he "was not so sure" that the treaty might not prove "morally binding" upon the United States to employ force if such force were found necessary to back up whatever decisions were reached by the four-power parties to it. He could "see no objection" to the treaty on this or any other score, however, he added, especially as all decisions must be unanimous. He reflected the views of other Democratic Senators who signified their intention of supporting the treaty when he expressed the opinion that its "importance appeared to have been exaggerated."

"It looks to me as though the mountain has labored and brought forth a mouse," Hitchcock said. "It is unquestionably another move by the Harding administration along the lines laid down by the League of Nations."

Veterans of Civil War Help Fund for Float

Have a heart and hear how the dear old men of '61 did their bit for the Glendale float fund.

Members of the N. P. Banks Post, No. 170, G. A. R., are so eager to see Glendale properly represented at Pasadena New Year's day that they took up a collection at their meeting last week and—

Well, they gathered together \$14.30, while the Knights of Pythias brought in \$8.48 as their tribute to civic enterprise. Practically all lodges, clubs, etc., are donating \$5 to \$15 for the fund and next Saturday it is planned to have a tag day for raising the rest of the needed money.

Tomorrow night the float committee will meet at Chamber of Commerce headquarters to discuss further ways and means of capturing first prize in their division again this year.

PEOPLE OF DESERT ARE FEATURE OF UNUSUAL FILM

George Melford's Story on Screen, 'The Sheik,' to Appear at T. D. & L.

Bringing not only the desert but the dwellings and people of the desert to the screen, is the feat accomplished by the production staff in the filming of George Melford's latest Paramount production, "The Sheik," which comes to the T. D. & L. Theatre tomorrow for three days. The feat in question consisted of building a complete village in the center of the "Argyle lot" at the Lasky studio. Picturesquely Arabic and technically perfect, it represents one of the most notable achievements in present day picture-making—another feather in Mr. Melford's cap, whose career interests many local friends.

This village is the fortified stronghold of the robber sheik who is the villain of the story. In the picture it is attacked and captured by the Sheik, thus furnishing the background for much of the stirring battle action of the drama. Rudolph Valentino, who plays the title role, leads the attacking force.

Buster Keaton's Latest
Buster Keaton, land sailor, builds a boat so that his wife and two kiddies can have the sea air recommended by the family physician. He has innumerable difficulties in getting the boat to the ocean and more trouble getting it to sail. Then he is caught in a storm and wrecked. There you have the story of "The Boat." Buster Keaton's latest two-reel mirthquake, on the same bill.

W. B. Patton and His New Comedy T. D. & L. Show

Be an optimist! See W. B. Patton in his new mile-a-minute comedy "Chasing Sally" at the T. D. & L. theatre tonight and you'll view life in an altogether different light. It's the big "cheer-up" attraction of the year. Something different! Something better! You'll enjoy every minute of it.

The story is big, simply told, but executed with speed. The kind of a play you think about after leaving the theatre. You'll feel better for having seen it. It is filled with optimism and good cheer and you will just laugh your cares away.

This same play ran for seven big weeks in New York City, and that is where plays are made. Critics are a unit in pronouncing "Chasing Sally" as one real comedy in a thousand. If your troubles are "getting to your disposition" and you want to cheer yourself, by all means phone a reservation for seats and see W. B. Patton "Chasing Sally."

CHARGES ARE NOT FILED

WASHINGTON, Dec. 12.—Opponents of E. Mont Riley, governor of Porto Rico, have failed to file formal charges against him and it is understood that they will not do so, it was stated at the war department today. Governor Riley will return to Porto Rico and resume his duties shortly, it was announced.

The SHEIK!

Miss Viola Yorba and Paul Carson in Fine Program

When Paul Carson, the popular organist at the Glendale theatre last night played "Barcarolle," the audience gave him applause for three bows, a decided compliment for his fine interpretation. "I Love You, California" also was well received by the increasingly large number of music lovers who appreciate the Sunday evening concerts at the Glendale.

SEEK STRIKE ARBITRATION

CHICAGO, Dec. 12.—A tentative proposal for arbitration of the stockyards strike here and throughout the country has been put forward by strike leaders, but thus far has met with no response from officials of the packing companies. The present strike was called by the unions in protest against wage reductions brought about through the "shop representation" plan.

It was reported that 8,000 strikebreakers had been brought in by the packers and were being housed and fed within the confines of the yards. Officials of the meat cutters' union predicted that other unions at the packing plants would join in the strike today. Sporadic instances of violence continue to take place in the stockyards district, but there has been no renewal of rioting that marked the early days of the strike. Strong police guards are still maintained in the district.

IRISH PEACE TREATY WAR

NEW YORK, Dec. 12.—Rejection of the Irish peace treaty was urged by prominent speakers from different parts of the country at the opening of the session of the convention of Friends of Irish freedom at the Hotel Astor.

"The Irish envoys were threatened," declared the Right Rev. M. J. Gallagher, Bishop of Detroit, and president of the organization. "England's threat was to send 250,000 soldiers into Ireland to establish concentration camps like those in South Africa where women and children would be starved. Other men would be murdered. The freedom offered to Ireland is about on a par with that which a footpad might be expected to offer an unarmed victim."

Michael F. Ryan of Philadelphia, denounced the British government as a "government of constant deceit and selfish interest." He added: "A. J. Balfour led the British agents and cheated America. He deceived the president and Congress."

NEW TRIAL TO MRS. PEETE?

SAN FRANCISCO, Dec. 12.—On application of attorneys for Mrs. Louise Peete, convicted of the slaying of Jacob C. Denton of Los Angeles, Federal Judge Dooling granted an order to show cause why she should not be granted a new trial. The order is returnable this week. The order of Judge Dooling was issued to Warden James A. Johnston of San Quentin in directing him to appear next Saturday to show cause why the Los Angeles verdict should not be vacated. Los Angeles authorities are expected to appear at that time.

In seeking the order to have the court's verdict set aside, D. B. Chapin, attorney for Mrs. Peete, attacked the section of the California law providing for the thirteenth juror. He set up the argument that the law is general and not specific and leaves to the judge determination in what cases the thirteenth juror shall be used and is in contravention of the constitutional court system.

DEPUTY SHERIFF IS GUILTY

WHEATON, Ill., Dec. 12.—Jacob Klein, "millionaire deputy sheriff" of Dupage county, was found guilty of murder and sentenced to fourteen years in the penitentiary by a jury here. Klein was found guilty of killing Leo Neuman, near Hinsdale, when Neuman failed to obey his order to halt his automobile.

ROAD TO HAPPINESS WELL DEFINED IN SUPER-PICTURE

"What Do Men Want?" Shown at Glendale Theatre; Comedy Production Also Given

Final opportunity is given playgoers today to see "What Do Men Want?" the Lois Weber super-feature at the Glendale Theatre, which has been seen by thousands in the last two days. Other numbers on the program are interesting; a comedy breaks the tension of an otherwise dramatic smash at the minds of both men and women.

"What Do Men Want?" gets under the skin of every he-man and starts an eruption of moral thought and action. It is a powerful visualization of a condition which has steadily assumed proportions of a national "bad-spot" with a clear interpretation of the reasons why, as only Miss-Weber could give them.

Hunt for Happiness
In other cities where "What Do Men Want?" has been shown, able critics have described it as "the great American drama of the hunt for happiness." With happiness among men and women, and how to attain and retain happiness as the big theme in this powerful drama, Lois Weber unfolds a narrative that "strikes home" to the wayward man, and signals a mighty warning to all. A picture that women will take their men to see.

MANY DEATHS PREDICTED

RIGA, Dec. 12.—Travelers reaching here from Russia predicted that famine would cause more deaths this winter than all the civil wars and revolutions. In the past three months the American Relief association has fed more than 1,000,000 children daily in the Volga district. It is declared that further help is necessary and that the combined efforts of the American Relief association and the Russian government are insufficient to meet the demands of the situation.

Up to December 1, nearly 600,000 persons, including 230,000 children were evacuated from the starvation districts. In some villages the death rate among the children reached 70 per cent. Lenin has ordered all transport requirements of the American Relief association carried out within forty-eight hours after the orders are given.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.

'Occult Side of Playing Card' to Be Lecture Topic

"The Occult Side of the Playing Card" will be the subject of an illustrated lecture by Mrs. Dora Rosner tonight at 8 o'clock in the Odd Fellows' hall, 111 East Broadway. It is the fifth event for the study class in Theosophy.

Few people are informed as to the origin of playing cards which have come down from remote antiquity where they were used by the priests of the Chaldees for divining mysteries. The use of cards for games is a comparative recent practice. Mrs. Rosner promises to throw some light on the practice of telling fortunes with cards.

All are invited to hear the dis-

course which should prove of interest to students of religion as well as card players.

RACING MAY BE KILLED

NEW ORLEANS, La., Dec. 12.—By a decision of the supreme court, A. B. Letellier, Arturo Delorto, Frank St. John, Henry Pedarre and Abraham Burglass, directors of the Business Men's Racing association, which proposes to hold a race meeting at the fair grounds beginning January 1, must go to trial in the criminal district court on a charge of violating the Locke law in regard to allowing "oral" betting. District Attorney Marr brought the charges eleven months ago. The Business Men's Racing association secured an injunction. This was dissolved today. If the directors are convicted, racing will be killed in New Orleans, it is believed.
